

ABC 9000 Spec Sheet

Thank you for considering ABC 9000 for your computer needs. It is one of the best computers on the market. The ABC 9000 is guaranteed to satisfy everyone—from casual users to professional software developers—while also offering an amazing home entertainment experience.

1. ITEMS IN THE BOX

1x	Computer (ABC 9000)
1x	Basic Power Cable
1x	Case
2x	Adapters
1x	Instruction Manual
1x	Packet of Stickers

2. PRODUCT FEATURES

The ABC 9000 design includes several key features:

- Water Resistance (up to 20-meter depth)
- Shock Absorption (protection against fall damage)
- Awesome color!

3. PRODUCT REQUIREMENTS

In addition to having a PhD in Computer Science, you also need the following hardware (sold separately) to use ABC 9000:

- DEF 1000 Power Supply Unit
- GHI 1000 Keyboard Augmentation Device
- JKL Virtual Reality Helmet
- XYZ Surge Protector

4. SETUP INSTRUCTIONS

1. Connect one of the adapters to your computer and plug it in.
2. Start your computer by pressing the power button.
3. Follow the on-screen instructions to install the operating system.
4. **[Optional]** Install MS Word, MS Excel, Adobe Reader, and Angry Birds.

5. SAFETY INFORMATION AND TROUBLESHOOTING

Using the GHI 1000 Keyboard Augmentation Device and the JKL Virtual Reality Helmet together will break both devices and burn your head.

Reformatting your hard drive will often fix computer problems. This process destroys all your data—backup everything before you start!

Recharging your battery after it completely runs out of charge (reaches 0-1%) will extend its lifespan considerably.

6. PRODUCT REGISTRATION

Due to Federal Privacy Regulations, you must register your ABC 9000. Registered computers will be covered under our Extended Warranty policy and receive additional benefits, such as priority in our repair queue. Unregistered computers will require additional downtime to fix, which can negatively impact you or your business.

Read the registration steps closely. Incorrect applications will be rejected by the system and require you to register again, adding further delays.
